

AJIAL BILINGUAL SCHOOL GRADE 5 NEWSLETTER

Dear Family,

Welcome back!

In ELA this week we will be busy with our standardized oral fluency assessments to measure students' oral reading speed and accuracy. Students will be assessed individually as they read aloud for one minute from an unpracticed passage of text.

Throughout the next few weeks, our math class will be learning about multiplying fractions and mixed numbers. We will also be using area models to help understand fraction multiplication. You can expect to see homework with real-world problems that involve multiplication with fractions and mixed numbers.

We will continue our Science unit this week. The big idea we are exploring in our Unit 7 in Science is that natural resources are essential to life and must be used with care. Be a part of our exploration!

Spelling Test Thursday, March 10th 2022.

ENGLISH

Reading Fluency Assessments

Spelling:

<i>because</i>	<i>usually</i>	<i>attendance</i>	<i>believe</i>
<i>favorite</i>	<i>opinion</i>	<i>dictionary</i>	<i>disease</i>
<i>their</i>	<i>yesterday</i>	<i>knowledge</i>	<i>receive</i>
<i>there</i>	<i>tomorrow</i>	<i>accept</i>	<i>surprise</i>
<i>become</i>	<i>beautiful</i>	<i>should</i>	<i>embarrass</i>

MATH

Chapter 7 Multiply Fractions

Essential Question: *How can you find a fractional part of a group? How can you find the product of a fraction and a whole number using a model and without using a model?*
 Go-Math Student Book Chapter 7 Lessons: 7.5 and 7.6

SCIENCE

Unit 7 Natural Resources

Essential Question:
 Science Fusion Student Book Unit 7 Lesson 2

HOMEWORK IXL Skills:

Math: M11
 Science: Q2
