

Grade 5 Newsletter

Week 10: November 13-17, 2022.

Message from the Grade 5 Team:

- **ELA:** *“What is the power of the sun?” That is the big question we are exploring in this unit. To answer it, we are reading, writing, and talking about solar energy. Be a part of our exploration!*
- **Math:** *In our math class we will be busy practicing to multiply up to three-digit numbers by one-digit numbers and two-digit numbers*
- **Science:** *We will continue with Unit 3 Cells to Body Systems. In multicellular organisms, the body is a system of multiple interacting subsystems. These subsystems are groups of cells that work together to form tissues and organs that are specialized for particular body functions. Systems may interact with other systems; they may have sub-systems and be a part of larger complex systems. Emphasis is on the conceptual understanding that cells form tissues and tissues form organs specialized for particular body functions.*
