AJIAL BILINGUAL SCHOOL GRADE 3 NEWSLETTER

Week 12: November 15th to November 19th ,2026

Dear parents,

Please take note of the following:

1. Class photo-Please be informed that the annual photography sessions for Elementary classes will take place from Sunday, 15th November, to Wednesday, 18th November 2026. Students must wear their full formal school uniform on their designated photography day. (No P.E. Kit), even if they have a P.E. lesson scheduled.

2. Science: Unit-3 Lesson-1 and 2 test on Wednesday Nov. 18th,2026. Students will be tested on Lesson-1 All Organisms Have a Life Cycle and Lesson-2 Plants and Animals Inherit Traits from Their parents.

3. We would like to inform you that the Winter cycle of NWEA MAP testing will take place in December. Please note that this testing cycle will be graded.

   To help students prepare, practice sessions will be conducted at school during scheduled computer lab periods. We also encourage parents to support their children by providing opportunities for additional practice at home.
   Please note that the previously recommended website, PrepDog (prepdog.org), is no longer available. As an alternative, students can use the following resource to practice their mathematics skills:
   Khan Academy – NWEA MAP Math Practice
   https://www.khanacademy.org/math/mappers
   The primary purpose of MAP testing is to identify each student's individual learning level in literacy and numeracy, monitor academic growth, and help students build the skills needed to progress.
   MAP results also provide valuable information that allows teachers to identify students' strengths, address areas for improvement, and support individual learning needs through classroom instruction.
   We appreciate your continued partnership in supporting your child's academic growth and success.

English
