

## Grade 5 Newsletter

Week 4: September 22-26, 2024.

Message from the Grade 5 Team:

- **ELA** *"How can where you are, change who you are?"* That is the big question we are exploring in this unit. To answer it, we are reading, writing, and talking about immigration. Be a part of our exploration!
- **Math:** Students continue Chapter 1 by exploring place-value relationships in multidigit numbers. They learn that a digit in a particular place-value position is worth 10 times as much when it moves one place to the left and 1/10 as much when it moves one place to the right.
- **Science:** In this lesson, students will explore the vital role of science and math in engineering. They'll discover how these subjects work together to solve everyday challenges through creativity and innovation.
- **Math Quiz Place Value Lessons 1-3, Tuesday September 25<sup>th</sup>, 2024**
- **Comprehension Quiz, Wednesday September 26<sup>th</sup>, 2024**
