---

*Grade-6 Math*  
*Week-29: 16-March to 20-March*

Students will learn about Subtracting Integers and evaluating algebraic expressions involving addition and subtraction of integers (Lesson 5-2). They are expected to know adding integers and recollect the Order of Operations they learned in Semester-1.

**Assessments This Week:**

- Quiz on Subtracting Integers (subtraction is the inverse operation of addition) - Sunday, 16th of March.
- Students will write an unannounced CW on any day this week (evaluating numerical expressions involving addition and subtraction of integers).

All pending HW must be submitted before 8:00am, Monday, 17th of March.

Oral assessments will happen in class as part of teaching and learning (formative assessments).

- **Materials Necessary for Class Every Day: Math Notebook, Blue/Black Pens, Sharpened Pencils, Eraser, and Ruler**
- Practice Math daily at home and be prepared for each day's lesson.

## Grade-6 Math

Dear Parent,

Greetings!

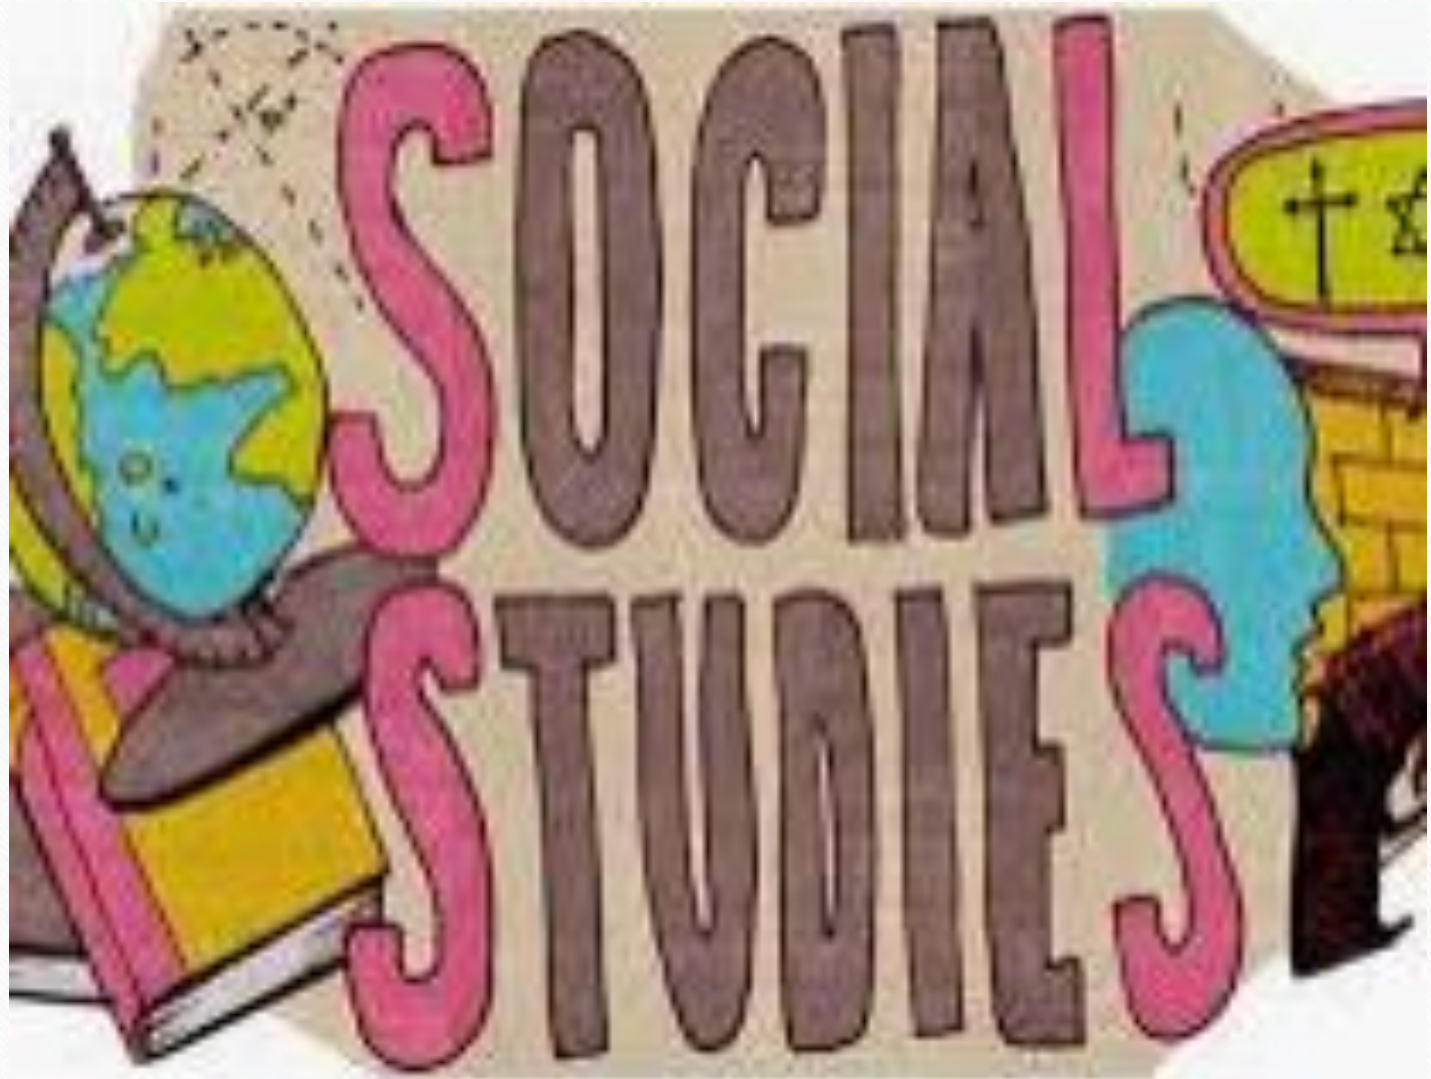

It has been noticed that some students are struggling to do mathematical operations as they do not know the multiplication tables. Recollecting multiplication facts quickly is highly important for your child's effective math learning, and for performing well in assessments. Please help your child memorize multiplication tables and give your child a daily practice on this.

**All students are expected to practice Math daily at home.**

Thank you for your cooperation in our efforts to educate your child.
